F11 *DRAGONFLY*

STRUCTURAL FIREFIGHTING HELMET

CERTIFICATION

**AS/NZS 4067:2012, NFPA 1971:2018,
NFPA 1951:2020, EN443:2008***
*EN166:2001, AS/NZS 1337.1:2010,
ANSI Z87.1:2020 (NFPA 1971:2018)*

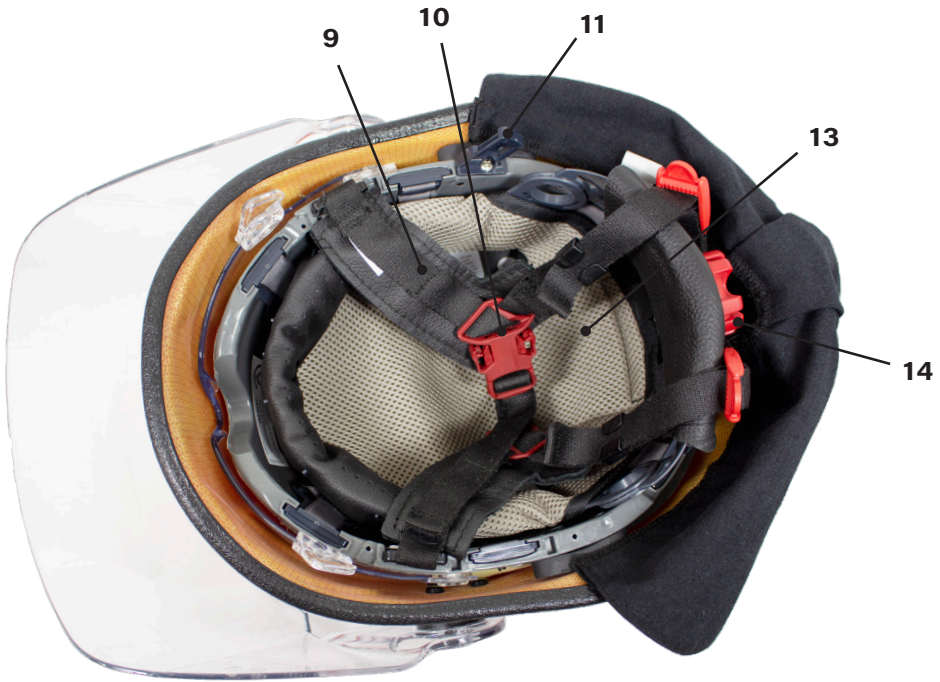

F11 DRAGONFLY OVERVIEW

- DuPont™ Kevlar® and Fibreglass Reinforced Composite Shell** provides integral strength and excellent penetration protection from both sharp objects and high speed projectiles. This lightweight shell is chemical and UV resistant with inherent heat and flame resistance. Expected service life of 15+ years with proper care and maintenance.
*CE and Shipswheel Mark variants require the use of a aluminised cover.
- Unique full cranium polyurethane liner** provides an excellent thermal barrier and superior shock impact absorption.
- Earmuff Brackets** for using helmet mounted ear protection (optional).
- Flame Resistant Double Layer Neck Protector.** Other colour combinations are also available.
- Premium Reflective Trim** (optional: standard dependent) with high retro-reflectivity for increased visibility. Customised decals (e.g. wording, and rank markings) are available by request.
- One Touch Eye Protector (OTEP™)** provides high speed particle impact protection, with heat and flame resistance. Anti-scratch and optically correct with pull tabs for easy operation.
- Clear Polycarbonate External Face Shield** (Clip On or Screw On - optional: standard dependent) provides high speed particle impact protection, with heat and flame resistance. Can be removed easily for storage when not required.

8. **Customised Vinyl Front Badge** to your brigade's design (optional, not pictured).
9. **3-point Nomex® Chin Strap with Leather Cheek Padding.** Single handed adjustment at multiple locations for maximum comfort and stability.
10. **Pacific Quick Release Buckle** can be easily secured, released, and adjusted with a gloved hand.
11. **Comms Bracket** (optional) allows use of communications systems within the helmet. Titan Comms available separately.
12. **Easi On-Off Base (EOB) for torch** (optional, not pictured). Easi Glide Torch Holder and torch sold separately.
13. **6-point ribbon suspension system with padded air mesh** distributes helmet weight evenly for added comfort over prolonged use, provides good ventilation, and a secure fit culminating in high stability on head. Fully modular for easy decontamination and replacement without special tools.
14. **Pacific ratchet adjustable headband,** sizing range from 52–65cm (downsizing adjustment kits and XL sizes available). Simple operation with a single gloved hand. Comes with comfortable front and rear leather padding. Headband and nape band can be height adjusted to suit you.
